THE MISSION OF THE S-CLASS HAS ALWAYS BEEN SIMPLE: TO ADVANCE EVERY STANDARD BY WHICH ALL CARS ARE MEASURED, AND TO ELEVATE THE FINE ART OF DRIVING.
THE ONE CAR THAT ALL CARS LOOK TO

In the history of the automobile, no car has made history more frequently, more consistently, and more beautifully than the S-Class. Year after year, it has kept its driver and passengers at the forefront of innovation, the pinnacle of luxury, and the height of fashion—all through the depth of its engineering, and the breadth of its talents. Its countless firsts have proven lasting, too—making the S-Class an ever-brightening beacon of inspiration for all automakers, from its unparalleled technology to its undeniable style. It is, quite simply, the state of the art of the automobile.

Standard and available equipment varies by model. Please see back of brochure.
ATHLETIC AND MAJESTIC

GRANITE IS HEWN. METAL IS FORGED. MUSCLE IS FLEXED. AN S-CLASS IS SCULPTED TO MAKE ITS BODY REFLECT ITS SOUL.
VISIBLE STRENGTH OF CHARACTER

When you look at a car’s lines, what do you see? In the S-Class you see a trajectory that starts at the first automobile, and soars into the future. You also get a glimpse of what awaits you within: stately elegance, for sure, but perfectly matched with agile grace, seamless power, and ultramodern technology like its world’s-first 100% LED lighting. Think of it as poise with presence—a sensation that becomes quickly evident from behind the wheel, or in the cosset of its rear cabin. Any designer can carve a few character lines into a car’s surfaces. Actual character starts far deeper.
FITNESS AND FINISH

THOUSANDS OF STITCHES NAVIGATE AROUND THE TINY HOLES IN THE LEATHER WITHOUT TOUCHING THEM. THE SEATS OFFER A “HOT STONE” MASSAGE. YOUR WELL-BEING IS WELL-TENDED IN AN S-CLASS.
STAR TREATMENT

It’s easy to feel like the hub of the universe in an S-Class—or the center of its attention, at the very least. Its cabin pairs two deeply held Mercedes-Benz traditions: extraordinary hand-craftsmanship and unheard-of innovations. The active multicontour seats can add side support in corners. A network of more than 300 LEDs, with multiple colors, zones and intensities, lets you enjoy new dimensions of ambience. The all-glass Panorama roof brings the sun and stars to both rows of seating. With a touch of your finger, as many as five power shades for the roof, rear window and rear side windows keep them at bay.

SPA TREATMENT

While touching any surface of the S-Class cabin is uniquely rewarding, the thoughtful amenities beneath it all have a way of touching you. The front and rear seats are available in countless configurations of upholstery, power adjustment and attentiveness. Six massage programs range from stress-reducing to rejuvenating—including two with a hot-stone effect. Beyond the seats and steering wheel, the armrests and doors can be heated. Your choice of hand-fitted leathers includes a wide range of colors and types, with designo semi-aniline leather at the pinnacle of the palette. Flowing sculptures of hand-finished wood highlight the cabin, in six varieties from traditional to exotic. And beneath the surface, steam-expanded foams—a process pioneered by the S-Class—eliminate harmful chemicals, while products from flax, coconut and olives sustainably support numerous cabin elements.
AGILITY AND ACUITY

MASSIVE TORQUE IS METERED WITH MOLECULAR ACCURACY. HANDLING SYSTEMS READ THE ROAD AT EACH WHEEL, OR EVEN BY VISUALLY SCANNING AHEAD. CHANGING TIMES CAN’T OUTMANEUVER AN S-CLASS.
THE POWER TO ACCELERATE PROGRESS

It’s not enough to have pioneered fuel injection, the independent suspension, and the lithium-ion hybrid battery. The S-Class shares in a legacy of racing wins, but instead of taking a victory lap, it surpasses itself time and again. Direct Injection engines self-tune every few milliseconds, for purer power. MAGIC BODY CONTROL® scans the road with a camera, turning its advanced active suspension into a proactive one. And the S 550e Plug-In HYBRID can study your navigation route to utilize its gas and electric motors more wisely.
MERCEDES-AMG IS NO MERE SPONSOR OF RACING. AMG IS PEOPLE WHO DEVELOP, CRAFT AND DRIVE RACECARS. ON THE TRACK, THEY BRING HOME TROPHIES. ON THE STREET, YOU GET TO DRIVE THE TROPHY HOME.

HANDCRAFTED BY RACERS
"One man, one engine" is more than a motto for AMG. It’s a guiding philosophy and a process rooted in racing, where precision and endurance are proven in record time. The heart of a Mercedes-AMG S 63 or S 65 is its biturbo engine. Each one is crafted by the hands of its own master engine builder, who visually inspects and records every component, and computer-verifies each torque spec. Only after the engine is individually bench-tested does it earn his signature on a metal plaque that he affixes atop its cover. This degree of detail-obsession is evident throughout the car—from its mighty brake hardware to its range of driver-selected modes to its finely stitched, hand-fitted Nappa leather upholstery.

The AMG S 63’s biturbo V-8 unleashes 577 hp and 664 lb-ft of torque. AMG Performance 4MATIC® all-wheel drive splits the torque 33:67 front/rear, and joins forces with a 7-speed multiclaytch AMG SPEEDSHIFT® transmission and 20" AMG® wheels. Together they deliver 60 mph in 3.9 seconds, along with the agility AMG drivers have cherished for decades. In the AMG S 65, a 621-hp biturbo V-12 sends 738 lb-ft of torque to its rear set of forged 20" AMG wheels via a 7-speed AMG SPEEDSHIFT® PLUS transmission. Their elegantly aggressive style is set off by matte silver accents on the S 63, brilliant chrome or black on the S 65. Exotic wood, piano lacquer or carbon fiber highlights their lavishly AMG-appointed cabins.
WHEN SECONDS MATTER MOST, SO DO FIRSTS. IT’S WHY MERCEDES-BENZ ENGINEERS KEEP THINKING UP NEW WAYS TO MAKE EVERY CAR SAFER.

Every effort of Mercedes-Benz safety engineers goes toward a singular goal: accident-free driving. They’re also keenly aware that achieving this goal only for the vehicles they design would be pointless. The roads can only be safe for someone when they’re safe for everyone. The 1951 patent for the first crumple zone is one of more than 88,000 that Mercedes-Benz has earned in the past 130 years. Energy-absorbing front and rear deformation zones flank a reinforced “safety cell” for the passengers. But the idea did more than better protect the occupants of a Mercedes-Benz. It eventually became the way all automobiles are made, thereby helping protect everyone on the road better. Over the decades, countless breakthroughs that were pioneered under the Three-Pointed Star have gone on to become the safety standards for all automobiles—like the Antilock Braking System (ABS), the Electronic Stability Program (ESP®), emergency-sensing Brake Assist (BAS®), the seat-belt Emergency Tensioning Device (ETD), and side curtain air bags. For many of these inventions, Mercedes-Benz has chosen not to enforce their patents—since some things are too important not to share. As a result, you can expect to see some of the groundbreaking advancements of today’s Mercedes-Benz on other cars in a few years. That said, sometimes the future is only milliseconds ahead of you. And nobody prepares you for it like the engineers who’ve spent decades thinking about it.
COLLISION PREVENTION ASSIST PLUS
Radar-based technology alerts you if you’re following a vehicle too quickly or too closely. As soon as you start to brake, Adaptive Brake Assist automatically adjusts the braking to an ideal level, to help prevent a collision or reduce its severity. The system can apply the brakes autonomously from speeds up to 65 mph. It can also activate PRE-SAFE®, the predictive system that can tighten the front seat belts and close the windows in the moments before a collision.

ACTIVE LANE KEEPING ASSIST
By monitoring visible road markings at speeds above 37 mph, Active Lane Keeping Assist helps detect unintended drifting off-course, and alerts you by vibrating the steering wheel. If you continue to drift, it can selectively brake individual wheels to help guide the car back into its lane. It can also help detect and alert you to overtaking vehicles, vehicles you’ll need to overtake if you change lanes, and even oncoming traffic in the adjacent lane.

ATTENTION ASSIST
By continuously monitoring as many as 70 parameters of driving behavior, ATTENTION ASSIST® can alert you both visually and audibly if it detects signs of driver-drowsiness on long trips. Its enhanced sensitivity helps the system detect drivers who begin their trip drowsy. A display in the gauge cluster can help you track your own attention level and driving time along your journey.

ACTIVE BLIND SPOT ASSIST
When driving above 20 mph, radar technology helps sense when a vehicle enters the blind-spot area on either side of you, and alerts you by illuminating an icon in the side mirror. A warning tone sounds if you activate a turn signal while a vehicle is detected. And if you begin to change lanes, advanced active technology can help guide the car back by applying the brakes on one side.

AHEAD AND BEYOND
SEEING THE FUTURE ISN’T NEARLY AS IMPORTANT AS PREDICTING YOURS—ESPECIALLY THE PART THAT’S JUST SECONDS AHEAD. WITH INTELLIGENT DRIVE, A 360° NETWORK OF CAMERAS, RADAR AND OTHER SENSORS CAN SEE MORE THAN THE HUMAN EYE, TO HELP YOU GET OUT OF DANGER BEFORE YOU’RE IN IT.

Please see endnotes at back of brochure.
DISTRONIC PLUS WITH STEERING ASSIST
Radar-based cruise control adapts your set speed to the flow of traffic ahead, automatically slowing until your path is clear again. If the vehicle ahead slows to a stop, DISTRONIC PLUS® can brake to a full halt. When traffic moves, you can resume with just a tap, or automatically if the stop is under a second. The Steering Assist feature helps the driver keep the vehicle centered in between the lane markings while cruising on straight roads, or even in gentle curves.

BRAKE ASSIST PLUS WITH CROSS-TRAFFIC ASSIST
BAS® PLUS uses radar sensors to scan the road ahead at driving speeds up to approximately 45 mph. Cross-Traffic Assist uses radar plus advanced cameras to help detect a potential collision with vehicles approaching from either side of an intersection ahead, or with pedestrians in the car’s path. When the driver responds to the system’s alert by braking, Brake Assist PLUS precisely applies the maximum braking force required to help prevent such an accident.

PRE-SAFE BRAKE WITH PEDESTRIAN RECOGNITION
PRE-SAFE Brake can help detect an impending collision and automatically apply up to 100% braking force to help reduce the severity of impact. At speeds up to approximately 35 mph, it can also help detect if pedestrians have entered your path and automatically apply the brakes. The features are active whether using the cruise control functions of DISTRONIC PLUS or not.

NIGHT VIEW ASSIST PLUS
When driving in darkness, Night View Assist® PLUS can project invisible infrared beams and read them with a special camera. The system can display a clearer, supplemental real-time view of the road in the gauge cluster—either full-time or automatically as danger is detected. Advanced technology can also help identify pedestrians and animals along dark roads, and highlight them on the screen.
STIMULATING AND SERENE

FEW CARS, IF ANY, CAN PIQUE ALL OF YOUR SENSES LIKE AN S-CLASS CAN.
WHERE FLUIDITY MEETS SOLIDITY

Frequently praised as the pinnacle of luxury, the S-Class cabin is also a summit—in the diplomatic sense. Where else can a sense of bank-vault security be enjoyed amid flowing sculptures of wood, satin metal and soft leather? Is there another cabin that triple-filters its air and then infuses it with subtle aromatherapy? How can so much first-of-its-kind technology so quickly feel like second nature? Solid thinking, it turns out, is best served with an outpouring of thoughtfulness.
ENGINEERED FOR EUPHORIA

What’s your pleasure? The S-Class is eager to introduce you to some new ones. With dual reconfigurable 12.3" widescreens, animated menus, and a touchpad that can read your handwriting, it’s easy to access a world of in-car and online entertainment, information and navigation. Two surround sound systems have been custom-crafted by Burmester—Germany’s renowned maker of high-end home audio. And from the cabin-air ionizer to the exquisitely detailed speaker grilles, air vents and analog clock, you’ll discover unexpected delights in nearly every detail. Where elegance greets your eye, silky precision soon rewards your touch. Instant, relaxing comfort becomes enduring support after miles on the road. And such indulgences as a fragrance atomizer, multicolor LED ambient lighting and massaging seats offer genuine benefits to your physical well-being.
UNITING INTUITIVE TECHNOLOGY WITH INDULGENT LUXURY, THE S-CLASS IS AN ADVANCED RETREAT.

AMBIENCE, ACCESS AND ABUNDANCE
FOUR AVAILABLE REAR CABIN CONFIGURATIONS RANGE FROM UNUSUALLY GENEROUS TO UNIQUELY GRAND. ALL ARE UNIMAGINABLY GRATIFYING.

THERE’S FIRST CLASS AND THERE’S S-CLASS
The front seats of the S-Class lead the industry in innovative comforts. Virtually all of them are also available for the rear cabin, in four progressively luxurious packages. From power recliners to heating and ventilation of the seats and armrests, you’re assured a first-class seat. To that, you can add 4-zone climate control and a suite of features for the right rear seat, such as a power footrest and controls that adjust the unoccupied front seat. Next up, add a massage feature—including the “hot stone” treatment the S-Class pioneered—and power calf rests, along with features you can operate via the screens and remotes of the Rear Seat Entertainment system. Finally, twin power executive lounges go far beyond first cabin. A wood-trimmed console reveals sleek fold-out writing tables, plus heated and cooled cupholders. After all, riding in an S-Class is all about having things “just right.”
IT'S PERFECTLY NATURAL TO DEVELOP AN EMOTIONAL ATTACHMENT TO YOUR MERCEDES-BENZ. WITH MBRACE, ENJOYING A TECHNOLOGICAL CONNECTION IS JUST AS EASY.

With Mercedes-Benz mbrace, your car is only a click away. Five years of mbrace Connect benefits and services come standard with every new 2016 Mercedes-Benz, providing you with remote access to your vehicle from your smartphone or computer. With the mbrace Mobile App, you can start your car’s engine, lock its doors and more. You can access Google and Yelp from your car with an ever-evolving variety of in-vehicle apps. You can send destinations to your car’s standard COMAND® navigation system from your computer or phone. Even your car can reach out, with remote diagnostics and a direct connection to Mercedes-Benz Roadside Assistance. Three additional packages bring you even more connections—from added safety and security, to a personal concierge, to streaming music and in-car WiFi for you and your friends. With mbrace, your Mercedes-Benz helps you stay connected not just to your car, but to your world—from anywhere you are, and wherever tomorrow takes you.

**mbrace Connect**
- State-of-the-art convenience with remote vehicle access, in-vehicle apps and over-the-air updates

**mbrace Secure**
- Added peace of mind from safety and security features for you, your family, and your vehicle

**mbrace Concierge**
- Personal assistance from highly knowledgeable professionals with access to a world of resources

**mbrace Entertain**
- Online, on-the-road enjoyment from streaming entertainment to maps, along with in-car WiFi

Mercedes me is a new online destination for Mercedes-Benz drivers, where you can access vehicle info, get more from your mbrace features, learn more about your car, and follow the exciting world of Mercedes-Benz. Take a tour at MBUSA.com/me
CAR IN YOUR POCKET

The mbrace Mobile App on your iPhone or Android phone includes a number of convenient remote vehicle controls. A new Remote Start feature lets you start the engine from your smartphone, to give the climate control a head start before you even leave the house. By the time you enter your car, the cabin can be preconditioned for your comfort.

OUR WORLD IS YOURS

The online world of Mercedes-Benz is one of many ways you can enjoy being part of the family. You can keep up to date with news and events, or take in an entertaining film. You can get more from your vehicle with helpful tutorial videos and downloadable manuals. And you can check out photos from other Mercedes-Benz drivers and fans, and best of all, share yours as well.

KEY STANDARD FEATURES

Performance and efficiency

- ECO Start/Stop system
- Plug-In HYBRID drive with 4-mode drive selector
- Haptic accelerator with three performance programs
- AMG Performance 4MATIC all-wheel drive

Comfort and convenience

- Heated 16-way power front seats with memory
- Ventilated front seats
- Active multicontour front seats with massage feature
- Heated front center armrest and front-door armrests

- Heated and ventilated power rear seats with memory
- Executive right rear seat with power calf rest
- Active multicontour rear seats with massage feature
- Heated rear center armrest and rear-door armrests

Safety and security

- COLLISION PREVENTION ASSIST PLUS
- ATTENTION ASSIST®
- PRE-SAFE®
- Night View Assist® PLUS
- Electronic Stability Program (ESP)
- Adaptive braking technology: Predictive Brake Priming, Automatic Brake Drying, Hill-Start Assist, and Brake HOLD feature
- Emergency-sensing Brake Assist (BAS®)
- Advanced Tire Pressure Monitoring System

- 11-way air bag protection
- NECK-PRO® front head restraints
- Rear seat-belt airbags
- PRE-SAFE® rear seat-belt buckles
- LED Daytime Running Lamps and taillamps
- Full-LED headlamps with Active Curve Illumination
- Adaptive Highbeam Assist
- Corner-illuminating front lamps
- DISTRONIC PLUS® with Steering Assist
- PRE-SAFE® Brake with Pedestrian Recognition
- BAS® PLUS with Cross-Traffic Assist
- PRE-SAFE PLUS rear-end collision protection
- Active Blind Spot Assist
- Active Lane Keeping Assist
- Traffic Sign Assist
- MAGIC VISION CONTROL® heated wiper/washer system
- PARKTRONIC with Active Parking Assist
- Rearview camera
- Surround View System
- SmartKey remote locking and starting system
- KEYLESS-START
- KEYLESS-GO® with HANDS-FREE ACCESS
- Soft-close doors
- Electronic trunk closer
- Antitheft alarm system with remote panic feature

- Power tilt/telescoping steering column
- Multifunction steering wheel
- Wood/leather steering wheel
- Heated steering wheel

- Multicolor/multizone LED ambient cabin lighting
- Illuminated front door sills
- Panorama roof with sliding interior sunshade
- Power rear-window sunshade
- Power rear-side window sunblinds
- Dual-zone digital automatic climate control
- 4-zone digital automatic climate control
- Cabin-air purification system with ionizer
- Cabin-air fragrance system

- DINAMICA headliner
- Nappa leather headliner
- Rain-sensing windshield wipers
- Heated power side mirrors with power fold-in
- Auto-dimming driver-side and inside rearview mirrors

- Dual 12.3” high-resolution widescreens
- COMAND® system with touchpad controller
- COMAND navigation with 8GB hard drive
- 5 years of Traffic and Weather service by SiriusXM®
- Voice control with learning feature
- No-charge navigation map updates for 3 years
- Head-Up Display

- Burmester® Premium Surround Sound System
- Burmester High-End 3D Surround Sound system
- Bluetooth® audio streaming
- Hands-free Bluetooth interface
- Near-Field Communication (NFC) technology
- Dual USB ports, in-dash DVD/CD player, SD card reader
- SiriusXM Radio with 6-month All Access trial
- HD Radio® receiver
- Mercedes-Benz mbrace®
- 5 years of mbrace Connect services

### Individual options

- **4MATIC all-wheel drive**
  - AMG Performance 4MATIC on AMG S 63
  - Not available with 4MATIC

- **MAGIC BODY CONTROL**
  - Requires Driver Assistance Pkg.

- **Red-painted brake calipers**

- **AMG Carbon Ceramic Braking System**

- **Carbon fiber engine cover**
  - Also in AMG Ext. Carbon Fiber Pkg.

- **Black finish for front air-dam flaps and mesh grilles**

- **Head-Up Display**

- **Electrically heated windshield**
  - Requires Head-Up Display

- **Surround View System**
  - Requires Head-Up Display

- **Night View Assist® PLUS**

- **19" twin 5-spoke wheels with all-season tires**

- **20" AMG multispoke wheels**
  - Requires Sport Package

- **20" 5-spoke wheels**

- **20" multispoke wheels**

- **19" AMG 10-spoke wheels**

- **20" AMG 10-spoke forged-alloy wheels (Silver or Black)**

- **20" AMG twin 5-spoke forged-alloy wheels**

- **Burmester® High-End 3D Surround Sound System**

- **Rear Seat Entertainment system**

- **SPLITVIEW front-seat entertainment system**

- **Refrigerator box in rear cabin**

- **Power outboard rear seats, with memory and detachable headrest pillows**
  - Also in Warmth & Comfort Pkg.

- **Heated outboard rear seats**
  - Also in Warmth & Comfort Pkg.

- **Wood/leather steering wheel**

- **Nappa leather-trimmed steering wheel**
  - Requires Sport Pkg.; not available with Warmth & Comfort Pkg.

- **AMG Performance steering wheel with DINAMICA side grips**

- **Leather upholstery**

- **Nappa leather upholstery**

- **Exclusive Nappa leather upholstery**
  - Requires Exclusive Trim, plus Warmth & Comfort Pkg., or power rear seats

- **designo® Exclusive semi-aniline leather upholstery**
  - Requires Exclusive Trim, plus Warmth & Comfort Pkg., or power rear seats

The personal rewards of striving to be the best are even more meaningful in the development of young people than they are for automobiles. Instilling the values of leadership, goal-setting, discipline and teamwork in youth is an investment in everyone's future. It's why Mercedes-Benz USA is collaborating with the Laureus Sport for Good Foundation, with an ongoing commitment to train and place hundreds of coaches for after-school and in-school sports programs in communities around the country. Sports offer kids more than the chance to be physically active and have fun. It's also an opportunity to have a mentor who can guide them, help them learn how to deal with major life issues, and help them grow stronger not just physically but in their character. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of kids a better life today, and all of us a brighter tomorrow.

Learn more about how Mercedes-Benz USA believes in giving back at MBUSA.com/community
